

# Dear Me (feat. Kevin Olusola) [Remix]

Eric Hutchinson

Dear me you'll be older one day  
I'm writing from the future and you're doing ok  
I say now  
Dear me  
Hold on on what you've got  
Things are gonna change but changes better than you thought  
Dear me  
I know you're scare as hell of everything right now  
But don't get lost of where you're going  
Dear me  
You gonna fall in love with the girl that you live next door to  
And you have no way you've know it  
You don't know who you are  
You don't know who you are  
You don't know who you are  
But I know you're trying  
You don't know who you are  
You don't know who you are  
You don't know who you are  
But you're multiplying  
Dear me you'll be older one day  
I'm writing from the future and you're doing ok  
I say now  
Dear me  
Hold on on what you've got  
Things are gonna change but changes better than you thought  
Say you gonna get yourself  
Get yourself togheter  
Dear me  
Don't keep people in your life who treats you like crap  
And don't you sleep over in there either  
Dear me  
Never give up on the good in the rest of you  
You gonna make mistakes  
You gonna make mistakes  
You gonna make mistakes  
But they will fall behind you  
You gonna make mistakes  
You gonna make mistakes  
You gonna make mistakes  
But they won't defy you  
Dear me you'll be older one day  
I'm writing from the future and you're doing ok  
I say now  
Dear me  
Hold on on what you've got

Things are gonna change but changes better than you thought  
Said you gonna get yourself  
Get yourself  
Get yourself together
