Beekeeper

Keaton Henson

Believe me believe me this loneliness won't go away.

Hear me

oh woman I have gone astray gone astray. Your friends

Your friends will always just be in your way. Trust me they'll die or leave you either way either way. You all say I've crossed a line and the sad fact is I've lost my mind.

You all say I've crossed a line and the sad fact is I've lost my mind.

Cause I'm just getting started, let me offend.

The devil's got nothing on me my friend.

All I want is to be left alone.

Tact from me is like blood from a stone

Cause I'm just getting started, let me offend. The devil's got nothing on me my friend.

All I want is to be left alone.

Tact from me is like blood from a stone

from a stone.

Can you see? Can you see they tell you lies thus keeping you weak.

Leave me my heart is dead for all to see

can you see?

You all say I've crossed a lineand the sad fact is I've lost my mind.

You all say I've crossed the line and the sad fact is I've lost my mind.

'Cause I'm just getting started, let me offend.

The devil's got nothing on me my friend.

All I want is to be left alone.

Tact from me is like blood from a stone

But I'm just getting started, let me offend.

The devil's got nothing on me my friend.

All I want is to be left alone.

Tact from me is like blood from a stone from a stone.
