

Can't Help Falling In Love

[Christina Grimmie](#)

Wise men say: only fools rush in
but I can't help falling in love with you
Shall I stay
would it be a sin
If I can't help falling in love with you Like a river flows surely to the sea
Darling so it goes
some things are meant to be
take my hand, take my whole life too
for I can't help falling in love with you
for I can't help falling in love with you
