

# St. Justice

Albert Hammond Jr.

Something you said to me I, I can't explain it  
Something you said to me I, I know you waste it  
Somehow you found me, the words are in motion  
Somehow you found me; the words are in motion now I got locked in myself and I don't know  
what to do  
Girl, the dreams in my eyes that now don't shine through Something you said to me I, I can't  
explain it  
Something you said to me I, I know you waste it  
Somehow you found me, the words are in motion  
Somehow you found me; the words are in motion now  
I'm beginning to feel that you don't know what you do  
Is it possible true that motions get lost on you?  
Get lost on you  
You never grow up and you never could see  
The world's coming now, it's crashing right upon me  
Upon me  
And everyone knows that you never go back  
That you never did see because we never attack  
You forget me  
I'll forget you Something you said to me I, I can't explain it  
Something you said to me I, I know you waste it
