

Started Out

Georgia

When we started out I never believed it
I was so hopeless when it hit
I couldn't keep up with you
I don't wanna lose you
I don't wanna lose you
Wanna lose you
(I don't wanna lose you)When we started out I never believed it
I was so hopeless when it hit
I couldn't keep up with you
When we were trying aimlessly to always achieve it
Not working out
But when we started out I could not conceive it
But I toughed up myself now
Kicked down the heartache
'Cause when we started
I don't wanna lose you
I don't wanna lose you
Be wicked and bold now
Dust off yourself now
Don't be going off the rails now
Kick down the heartache
'Cause when we started
We are wicked young fools so behave now
Back in the arms of somebody who saved usWe are wicked young fools so behave now
Back in the arms of somebody who saved usWe are wicked young fools so behave now
Back in the arms of somebody who saved usWe are wicked and bold
We are wicked and bold
We are wicked and bold
We are wicked and boldWe are wicked young fools so behave now
Back in the arms of somebody who saved usWe are wicked young fools so behave now
Back in the arms of somebody who saved usWe are wicked and bold
We are wicked and bold
We are wicked and bold
We are wicked and bold
(I don't wanna lose you)When we started out I never believed it
Believed it
I was so hopeless when it hit
I couldn't keep up with you, you(I don't wanna lose you)
Then we were trying aimlessly to always achieve it
It's not working out
But when we started out I could not conceive it
But I toughed up myself now

Kicked down the heartacheBut when we started out I never believed it
Believed it
