

Big Mouth

Santigold

Tick, tock, talk that shit non-stop
Tip-toe, don't make it rock
Where they that's not enough
You long for what you know I got Blah, blah, blah against the wall
So pee-wee cyber tall
Ring-ring-ring when duty calls
No-no-no-not a word at all Big mouth, big mouth, why?
I know you said enough
(Oh, oh, oh, oh, oh, oh, oh)
Gotta big mouth, big mouth
My, my, my, you said enough
(Oh, oh, oh, oh, oh, oh, oh)
What's that you said?
See, watch for what you're doin', yo
(Ha)
See, watch for what you're doin', yo
What's that you said?
See, watch for what you're doin', yo
(Ha) Tik-tok don't know what you want
Dismount throw me up front
Be ready but got no guts
Say strong, say bet you taunt Ga-ga-ga or slightly off
Not me I take the loss
Si-si-si don't it pay of?
I'm not the one that's lost
Big mouth, big mouth, why?
I know you said enough
(Oh, oh, oh, oh, oh, oh, oh)
Gotta big mouth, big mouth
My, my, my, you said enough
(Oh, oh, oh, oh, oh, oh, oh) What's that you said?
See, watch for what you're doin', yo
(Ha)
See, watch for what you're doin', yo
What's that you said?
See, watch for what you're doin', yo
(Ha) What's that you said?
See, watch for what you're doin', yo
(Ha)
See, watch for what you're doin', yo
What's that you said?
See, watch for what you're doin', yo

(Ha) You're everywhere I go, thinking that you know
You're everywhere I go, thinking that you know
You're everywhere I go, thinking that you know
Who are, who you? Go lead it if you need it What's that you said?
See, watch for what you're doin', yo
(Ha)
See, watch for what you're doin', yo
What's that you said?
See, watch for what you're doin', yo
(Ha)
