

I Got You (feat. Jovi Rockwell)

Shaggy

Up in the Swiss looking fly with a friend of mine
Smile on my face, so sweet like a cinnamon
Boys wanna spend something like Mr. Benjamin
And me? What do I want? We get on busy! I bet you're one real gentleman
That you want me to be your girlfriend
You say just want to be my friend,
Though you know you wanna (uhm)
Step into the dance, spot on my residence
Take your?? on me like you're a president
For I see, follow me 'cause I represent the
Girls and boys wanna fun, yes
