

# Distance and Time

Alicia Keys

This song is dedicated  
to all the lovers who can't be together  
separated by distance and time You were always on my mind  
All I do is count the days Where are you now?  
Know I never let you down  
I will never go away I really wish that you would stay but what would we do  
All the days that you've been gone I dream about you  
And I anticipate the day that you will come home, home, home  
No matter how far you are No matter how long it takes him  
Through distance and time  
I'll be waiting  
And if you have to walk a million miles  
I'll wait a million days to see you smile  
Distance and time, I'll be waiting  
Distance and time, I'll be waiting  
Will you take a train, to meet me where I am Are you on your way?  
And I will never do anything to hurt you  
I'll never live without you I really wish that you would stay but what would we do  
All the days that you've been gone I dreamed about you  
And I anticipate the day that you will come home, home, home  
No matter how far you are  
No matter how long it takes him  
Distance and time, I'll be waiting  
And if you have to walk a million miles  
I'll wait a million days to see you smile  
Distance and time  
I'll be waiting  
No matter how far you are  
No matter how long it takes him  
Through distance and time, I'll be waiting And you can walk a million miles  
I'll wait a million days to see you smile  
Through distance and time, I'll be waiting Oh oh oh, oh  
Oh oh oh, hey  
Oh oh oh oh  
I'll be waiting  
Oh oh oh  
Oh oh oh  
Through distance and time  
I'll be waiting  
You are always on my mind  
All I do is count the days  
Where are you now?
