Sun

Two Door Cinema Club

Ocean blue What have I done to you? Cut so deep Yet growing through and throughDrawn apart New York and London All I see now Are distant drumlins The roads I knew Became a city And I wonder Will you wait for me? Although I'm far away I know I'll stay, I know I'll stay Right there with you Though It might be too late What would you say? What would you say? What would you do?I built a hive Became one with the bees But we fell like rain Got lost into the sea If I don't know The wind will carry me So just hold tight Though I'm far away I know I'll stay, I know I'll stay Right there with you And though It might be too late What would you say? What would you say? What would you do?Over and over Many setting suns I have run I have waited for the rain to come When through that mist I see the shape of you And I know, and I know That I'm in love with youThough I'm far away I know I'll stay, I know I'll stay

Right there with you And though It might be too late What would you say? What would you say? What would you do? Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
