And I remember when we met and we began dating

And everything was capaset and we began mating

And then di way mi love her good she give me don rating

Because mi style dem plenty full anuh nuh one way ting

As she got her belly full and a nuh pot scrapings

And the closer we become the more she gravitating

Until we buckle down and there is no escaping

Now we typically become an everyday thing

Regularly physically communicating

Sexually scientifically penetrating

Until she start spiritually resignating

A so mi know she real and seh she a nuh play ting

She is di only Queen di King is designating

A so mi seal the deal I am negotiating

I know it kind of deep but keep on concentrating

Cause Jazzy made the beat and I am clearly stating

Bobby Brown

Beautiful, here we go again my love, you know

I will never let you go, my love, beautiful, here we go
