

My Ride

Jeremih

Even if you don't like me,
I bet you fall in love with my ride (my ride), my ride,
Got girls wanna be wifey,
Cause they fell in love with my ride (my ride), my ride... ehh.[Verse 1:]
Okay I pull up to da club, on them scotty pippin's
You say you got dubs, well I'm 13 mo' inches
These chromed out wheels got yah'll haters out there squintin'
When I hop in that club line, I ain't lookin' for no friendships
Got Clyntell pipes, custom tint up on my windows
My air vents sealed, so I never lose no indo
Who's trailin' me? my kin-folk, we weavin' through the streets
And the flows like the wind, how it be breathin' through these beats.
And my seats, got my name on it,
Yeah I know you ain't on this
Sparkle custom paint on this
On that droptop, frame on this
The grill is exclusive, and the rides all implusive
The only one that's whippin' this is singer slash producer
Say you wanna get drunk, I gotta bar up in my car,
I never get bored with foreign broads up in my car,
So when it's master time I'm goin' hard up in my car
Touch down a hundred yards up in my car.
Even if you don't like me,
I bet you fall in love with my ride (my ride) my ride,
Got girls wanna be wifey
Cause they fell in love with my ride (my ride) my ride,. ehh
Is it the chrome up on my wheels, or that base up in my trunk
Chrome chrome up on my wheels, or that base up in my trunk
Is it the chrome up on my wheels, or that base up in my trunk
Base base up in my trunk, base- base up in my...[Verse 2:]
Now when I'm cruisin' in my whip, damn right I crank my CD
Got 3 groupies on deck, and they all beggin' to see these
They saw the navigation system and all of my TV's
Said they boyfriends whip was better, hell naw you must be Stevie
You see me, these stunner shades got me seein' 3D
[...] you, far as you know, I'm pushin' more [...] then Petey
Though my gas tank on E Z I'm buyin' up more Wee-zy,
Please believe me, you chillen with a Star-r-r
Hop in my Car-r, I hit the after party,
What goes down between us, girl I won't tell nobody
Either in my Lac, or in my Maszaradi
Just wait till I pull into the lobby (lobby) lobby.

So even if you don't like me,
I bet you fall in love with my ride (my ride) myride
Got girls wanna be wifey,
Cause they fellin' love with my ride (my ride) my ride,. ehh
Is it the chrome up on my wheels, or that base up in my trunk
Chrome chrome up on my wheels, or that base up in my trunk
Is it the chrome up on my wheels, or that base up in my trunk
Base base up in my trunk, base- base up in my...[Verse 3:]
So if you wanna ride (ride), then baby we can go down town (go down town)
Girl with that pretty face, (face) I might just let my windows down (my windows down)
So all my homies can see just who I get to ride with (ride with)ride with
And if you ever lonely then sweet baby girl hit my sidekick-ickk cause...
Even if you don't like me,
I bet you fall in love with my ride (my ride) my ride
Got girls wanna be wifey,
Cause they fell in love with my ride (my ride) my ride,. ehh
Is it the chrome up on my wheel so or that base up in my trunk
Chrome chrome up on my wheels or that base up in my trunk
Is it the chrome up on my wheels or that base up in my trunk
Base base up in my trunk, base-base base up in my...
