

Sure Fire Winners

Adam Lambert

We are the sure fire winners winners winners winners We're coming up like killing machines
Our big guns gonna shatter your scene
It's pandemonium on the floor
'cause everybody wants a little more
They wanna ride on the rocket ship
Ride around the moon for a velvet kiss
'cause all the girls and the boys wanna know
How far this bad wild child's gonna go We are the sure fire winners
We are the sure fire winners
Bringing the heat and the word is out
Giving you something to shout about
We are, yeah, we are, we are the sure fire winners
Sure fire winners, sure fire winners, sure fire winners
Flick the switch and the missile will fire
I'm a heat seeker when I'm full of desire
We're all drawn to the heat of the flame
'cause you wanna be a star in the hall of fame
I was born with glitter on my face
My baby clothes made of leather and lace
And all the girls in the club wanna know
Where did all their pretty boys go? We are the sure fire winners
We are the sure fire winners
Bringing the heat and the word is out
Giving you something to shout about
We are, yeah, we are, we are the sure fire winners Ooh yeah, take a walk on the wild with me
Gonna take you to the top to the brink of what you believe
Never gonna stop 'til we reach the top
Never gonna stop 'til we reach the top
You'd better get out of the game it's never gonna be the same
Move over 'cause a new boy's calling your name
We are the sure fire winners
We are the sure fire winners
Bringing the heat and the word is out
Giving you something to shout about
We are, yeah, we are, we are the sure fire winners We are the sure fire winners
We are the sure fire winners
Bringing the heat and the word is out
Giving you something to shout about
Yeah we are, yeah, we are, we are the sure fire winners Gonna take you to the top to the brink of
what you believe
Gonna take you to the top to the brink of what you believe
Gonna take you to the top to the brink of what you believe
