

# Get Back In My Life

## Maroon 5

You are relentless, I am defenseless  
Why did you knock me down tonight  
You beat me senseless, I just don't get this.  
How many times do I have to try Your whisper so clear, the world disappears  
As I fall into the darkness, its impossible to express  
How good it feels, I'm wrapped up, I'm sealed  
So tired I'll never be free, all night, don't fight the feeling Get back in my life, come knock on  
my door  
You're what I'm looking for, I think you should know  
You've started a fire, burned me to the floor  
Please don't resist anymore, I'll never leave you alone  
Don't reprimand me, you're so demanding  
But I've got time, I don't mind at all  
You're picture perfect, completely worth it  
You've got my back against the wall Your whisper so clear  
The world disappears  
As I fall into the darkness, impossible to express  
How good it feels, I'm wrapped up, I'm sealed So tired I'll never be free, all night don't fight the  
feeling Get back in my life, come knock on my door  
You're what I'm looking for, I think you should know  
You've started a fire, burned me to the floor  
Please don't resist anymore, I'll never leave you alone And can you hear me calling  
I'm screaming, scratching, crawling  
You ignore me cause I'm always coming back to you, coming back to you  
And you know how much I miss it, and you know I cant resist it  
See your lips and just come running, right on back to you, right on back to you Get back in my  
life, come knock on my door  
You're what I'm looking for, I think you should know  
You started a fire, burned me to the floor  
I cant do this anymore, I'll never leave you alone  
Get back in my life, come knock on my door  
You're what I'm looking for, I think you should know  
I'll never leave you alone  
Get back in my life, come knock on my door  
You're what I'm looking for, I think you should know  
Get back in my life, come knock on my door  
You're what I'm looking for, I think you should know  
Get back in my life, come knock on my door  
You're what I'm looking for, I think you should know
