

# Girl You Shine

Aaron Carter

I see you every day  
And I can't seem to think of anything to say  
Do you baby, how can that be that breaks my heart  
But you're smiling at me The moment that I laid my eyes on you  
(My eyes on you)  
I knew you'd be the one to make my dreams come true Girl you shine like reflections on the  
water  
Girl you shine like the sun in the sky  
Girl you shine like the moon does in the night-time  
Girl you shine like the stars in the sky In you I see something I won't find ever again  
Baby you're always on my mind  
If I could find a way to open up my heart  
We'd be together, we'd not be apart  
The moment that I laid my eyes on you  
(My eyes on you)  
I knew you'd be the one to make my dreams come true Girl you shine like reflections on the  
water  
Girl you shine like the sun in the sky  
Girl you shine like the moon does in the night-time  
Girl you shine like the stars in the sky Girl I can't imagine being without you  
And I know you're gonna make my dream come true  
(Dream come true)  
You know I'll never leave you, I'll never deceive you  
(Shine, shine)  
I'll give you every piece of my heart  
(Shine, shine)  
Girl you shine  
(Shine)  
Shine  
(Shine)  
Shine on me  
Girl you shine  
(Shine)  
Shine  
(Shine)  
Shine on me Girl you shine  
(Shine)  
Shine  
(Shine)  
Shine on me  
Girl you shine  
(Shine)

Shine  
(Shine)  
Shine on me Girl you shine like reflections on the water  
(Shine, shine)  
Girl you shine like the sun in the sky  
(Shine, shine)  
Girl you shine like the moon does in the night-time  
(You shine, oh you shine, shine, shine)  
Girl you shine like the stars in the sky  
(Shine, shine) You're all I need to survive and girl you keep me alive  
And girl you shine like the sun in the sky
