

# Falling for You

## Seabird

I hope this song will find you awake  
'Cause what I need to say can't wait  
I've loved you since we were just babes  
The world can try but we can't change 'Cause I'm fallin', fallin' for you  
Oh darling, it's finally true I hope this song brings you back to life  
'Cause I can see the fear in those eyes  
I promise you if we just try  
We'll take this wrong and make it right 'Cause I'm fallin', fallin' for you  
Oh darling, it's finally true  
And someday, I'll break your fall too  
'Cause I'm falling, falling for you  
'Cause I'm fallin', fallin' for you  
Oh darling, it's finally true  
And I won't let your heart turn to stone  
'Cause when I found you, my heart found a home  
When I found you, my heart found a home
