Verse 1:I confess to you but I know

To be true I need you so

Listen up I'm about to say

Exactly why I feel this way

Let me just collect my thoughts

I never spoken so true before

We But now I'm writing a brand new pageHook:Your the only request that I got in my life, girl

Gon' And you never get old and I never get tired, girl

And I know that your friends hate (yeah)

But I don't care what your friends say (no)

Cuz we are something special

And before the speak on us

Chorus:You tell your friends

Call'em up

Make'em understand

And if they ask

Let'em know

Tell'em I'm your man

And what we got

Is solid to hard to break

And we've got it

It's to hard to take

Gonna tell everyone that you know

We gon' lastVerse 2:

I can be with you

And no one else

Glad to have you to myself

When your away it's hard to breathe

And when your hear it's hard to see

That we found a way to click

No one holds my interest like you, yeahChorus:You tell your friends

Call'em up

Make'em understand

Gon' And if they ask

Let'em know

Tell'em I'm your man

And what we got

Is solid to hard to break

And we've got it

It's to hard to take

Gonna tell everyone that you know
