

# Come and Get It

## Eli "Paperboy" Reed

If you want the love of a man,  
Come and get it (baby)  
If you want the love of a man,  
Come and get it  
If you want the love of a real good man  
Come and shout me  
I make you understand  
Don't you just look  
Come and take it  
Cause what i've got  
You know you can't fake it  
If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You got to get with it  
If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You got to get with it  
Listen  
Remember girl, i've been around the block  
My legs are shied, but I won't stop  
It's your turn to make a choice  
Don't just sit there girl  
Stand up to raise your voice  
If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You got to get with it  
If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You want to get with it  
All my love came tumbling down  
Quite playing games  
Beat around the bush  
All that love really needs is  
Just a little pitty push  
If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You got to get with it

If you want the love of a man,  
Come and get it  
If you want the love of a man,  
You want to get with it
