

# Blonde, Bad and Beautiful

## Airbourne

Blonde, bad and beautiful  
In the hot summer sun  
With your tight dress painted on  
Fahrenheit 101  
She got the long legs to prove it  
The back end to move it  
She's a triple x movie just walking by  
Lip gloss high heels I'm losing my mind  
She's coming at me like a wrecking ball  
Upstairs down stairs she got it all  
Blonde bad and beautiful  
Blonde bad and beautiful she got it all  
She's blonde bad and beautiful  
Blonde bad and beautiful  
I'd like a lion  
To be her human shield  
Yeah sell my soul to the devil  
To let her walk all over me  
She's a wet drink in the desert of lust  
Got me tongue tied I'm ready to bust  
She's like a rose in bloom, a love tattoo  
That's under my skin and there's nothing I can do  
She's coming at me like the blazing sun  
I'm gonna get burned but I know she's the one  
Blonde bad and beautiful  
Blonde bad and beautiful she got it all  
She's blonde bad and beautiful  
Blonde bad and beautiful I see her coming my way  
I got something to say  
That girl is on fire  
Red hot fire gonna fill ya with desire  
Blonde bad and beautiful  
Blonde bad and beautiful she got it all  
She's blonde bad and beautiful  
Blonde bad and beautiful She got it all  
Blonde bad and beautiful  
Blonde bad and beautiful she got it all  
Blonde bad and beautiful  
She's blonde bad and beautiful  
Blonde bad and beautiful
