

Crystal Love (feat. Lilla)

Mario Ochoa

Crystal Love Your love is tender
Baby I surrender
Since I can remember
You took my breath away
And I don't know how it happened (woo baby)
But you got something magic (woo baby)
And I know I got to have it (woo baby)
Every night and day (on the daily) It's so magical, magical
And every hour is beautiful, beautiful
You got a power so mystical, mystical
You know you know you're a miracle, miracle
It's so intoxicating
The feel of your vibration
You're an energetic station
And your giving so much light
Now I got the notion (woo baby)
That you got some kind of of potion (woo baby)
Cause I fell like I am floating (woo baby)
You been dosing me all night (ooo baby) Lovin' you my baby
Under your spell and if feel so amazing
You got a power that's intoxication
Gimme the magic and don't keep me waiting
Lovin' you my baby
Under your spell and if feel so amazing
You got a power that's intoxication
Gimme the magic and don't keep me waiting
It's so magical, magical
And every hour is beautiful, beautiful

You know you know you're a miracle, miracle
