

# Sundown (feat. Wizkid)

Zara Larsson

Get on the bounce  
All night long  
Get on the bounce  
Oh, get on the bounce, ah Don't check the time  
Time, time, time  
Should be me that you're watching  
What's on your mind  
Mind, mind, mind  
Say you can't keep me off it  
Lips might lie  
Lie, lie, lie  
But my heart beating honest  
But my heart beating honest  
So can't we love now?  
'Cause I don't, I don't wanna wait until the sundown  
So can't we love now?  
'Cause I don't, I don't wanna wait until the sundown Don't wanna wait 'til sundown  
Wait 'til sundown  
Wait 'til sundown, no  
Don't wanna wait 'til sundown  
Wait 'til sundown  
Wait 'til sundown, no Get on the bounce  
Uh-huh, all night long  
Uh-huh-huh, get on the bounce  
Oh, get on the bounce, ah  
Keep holding on  
On, on, on  
'Cause I'm falling for you now  
(Sing for me, girl)  
Got me so gone  
Gone, gone, gone  
There ain't no turnin' back now  
(Oh, yeah)  
Can't be wrong  
Wrong, wrong, wrong  
The way I'm feelin' right now  
The way I'm feelin' right now, yeah Yo, I tell you 911 got ring the alarm  
When you need me, girl, call mi phone  
I won't leave you on your own, babe  
See when you touch me, gal, see me no one go  
No other man, see me no one know  
Baby girl, I feel it in my head So can't we love now?

'Cause I don't, I don't wanna wait until the sundown  
So can't we love now?  
'Cause I don't, I don't wanna wait until the sundown Don't wanna wait 'til sundown  
Wait 'til sundown  
Wait 'til sundown, no  
Don't wanna wait 'til sundown  
Wait 'til sundown  
Wait 'til sundown, no Get on the bounce, ya  
Get on the bounce  
Get on the bounce  
Oh, get on the bounce, my baby girl  
Get on the bounce, ya  
Come get on the bounce, girl Now I want it in the morning, in the morning  
In the middle of the day  
Oh, baby, 'cause at midnight  
Yeah, midnight seems so far away  
I want it in the morning, in the morning  
In the middle of the day  
Oh, baby, 'cause at midnight  
Yeah, midnight seems so far away So can't we love now?  
'Cause I don't, I don't wanna wait until the sundown  
So can't we love now?  
'Cause I don't, I don't wanna wait until the sundown
