

# No Running From Me

## Toulouse

Well I'm alive  
Your blood is pumping through these veins  
I'll catch you by surprise  
I'm coming back to take the rein Now you're free and well  
Just giving a while  
Time will tell  
You're under my spell, oh There ain't no running from me, no, no, no  
There ain't no running from me, yeah  
Oh no  
I'm not a saint  
Nor am I one for smooth edges  
When I'm around  
Calamity comes out to play How did you heard the news  
That I get to chose  
How it plays out  
No matter how you scream and shout There ain't no running from me, no, no, no, no  
There ain't no running from me, yeah  
No, no, no, no, no, no, no, no, no, no  
There ain't no running from me  
Oh no You're sure you don't want the back, mmh  
You're sure you don't want the back  
Here I say  
There ain't no running from me  
No, no, no, no, no, no, no  
There ain't no running from me  
No, no, no, no, no, no  
There ain't no running  
no, no, no, no, no, no, no, no, no, no  
No no, oh no
