

# Unpredictable

## 5 Seconds of Summer

She sits at home with the lights out  
Seeing life in different colours  
I think it's time that we wake up  
So let me take you away We can run down the street  
With the stars in our eyes  
We can tear down this town  
In the dark of the night  
Just open the door  
We've got time on our side  
We can make it out alive Hey we're taking on the world  
I'll take you where you wanna go  
Pick you up if you fall to pieces  
Let me be the one to save you  
Break the plans we had before  
Let's be unpredictable  
Pick you up if you fall to pieces  
Let me be the one to save you It took so long to convince you  
I knew i had to show my colours  
You never wanted to be rescued  
But now we're drifting away We can run down the street  
With the stars in our eyes  
We can tear down this town  
In the dark of the night  
Just open the door  
We've got time on our side  
We can make it out alive  
Hey we're taking on the world  
I'll take you where you wanna go  
Pick you up if you fall to pieces  
Let me be the one to save you Break the plans we had before  
Let's be unpredictable  
Pick you up if you fall to pieces  
Let me be the one to save you Earth quakes won't wait for another day  
Don't say i know  
I never said it i never said it oh  
One day we can make it out alive  
Hey we're taking on the world I'll take you where you wanna go  
Pick you up if you fall to pieces  
Let me be the one to save you  
Break the plans we had before  
Let's be unpredictable  
Pick you up if you fall to pieces

Let me be the one to save you  
Let go!  
Till' we've lost control  
And we'll stumble through it all  
Let's do something new and unpredictable
