## Kiss a Girl

## **Keith Urban**

To kiss and tell

It's just not my style.

But the night is young

And it's been a while.

And she broke my heart

Broke it right in two.

And it's fixing time

But I'm feeling like I'm finally ready to

Find, find somebody new.

I wanna kiss a girl

I wanna hold her tight

And maybe make a little magic in the moonlight.

Don't wanna go too far

Just to take it slow

But I shouldn't be lonely in this big ol' world.

I wanna kiss a girl.

It's that moment when

You start closing in.

First you're holding back

Then surrendering.

It can start a fire

Light up the sky.

Such a simple thing

Do you wanna try?

Are you ready to

Say goodbye

To all these blues?

I wanna kiss a girl

I wanna hold her tight

And maybe make a little magic in the moonlight.

Don't wanna go too far

Just to take it slow

But I shouldn't be lonely in this big ol' world.

I wanna kiss a girl. 'Cause, baby, tonight

It could turn into the rest of our lives.

Oh yeah.

Are you ready?

(Are you ready?)

Are you ready

(Are you ready)

To cross that line?Put your lips on mine.

Put your lips on mine, baby.Do you wanna try?Are you ready to

Say goodbye

To all these blues?I wanna kiss a girl

I wanna hold her tight

And maybe make a little magic, baby.

Don't wanna go too far

Just to take it slow

I don't want to be lonely

I shouldn't be lonely.

I wanna kiss a girl

I wanna hold her tight

And maybe make a little magic in the moonlight.Don't wanna go too far

Just to take it slow

But I shouldn't be lonely in this big ol' world.

I wanna kiss a girl.I said I wanna kiss a girl.Whoa-ho whoa-ho

I wanna kiss a girl.

I wanna hold her tight

I wanna make a little magic

Out under the moonlight.

Oooh I wanna kiss a girl.
