

Go down Singing

Michelle Chamuel

Go down, go down, go down go down singing
I see everybody staring at you
and at the clothes that you're wearing
It seems like nothing's ever good enough
I heard everybody saying
that you are never gonna fit in
It feels like you're never good enough
When you're lost and can't be found
Just lift your head and stand your ground
It's always dark before the dawn so raise your voice and sing this song
You can tell me what's right, you can say that I'm wrong
You can tell me I'm weak so you can think that you're strong,
But you can't take my soul, or the gifts I've been given
I'mma go down, go down, go down singing.
You can build yourself up when you're putting me down
You can think you're a king 'cause you're taking my crown
But you can't stop the fight for the life
I'm living I'mma go down, go down, go down singing.
I know just how you're feeling
Locked up, inside you're screaming
It's like no one ever hears a sound
I've been hurt in the same way, but trust tomorrow is a new day
You've got everything you need inside
When you're lost and can't be found
Just lift your head and stand your ground
In the dark before the dawn we raise our voice and sing this song
You can tell me what's right, you can say that I'm wrong
You can tell me I'm weak so you can think that you're strong,
But you can't take my soul, or the gifts I've been given
I'mma go down, go down, go down singing.
You can build yourself up when you're putting me down
You can think you're a king 'cause you're taking my crown
But you can't stop the fight for the life I'm living
I'mma go down, go down, go down singing Singing
I'mma go down, go down, go down singing
Eyes on me, wait and see
They don't know what's about to begin
Standing proud, face the crowd
All I know is how bright I'm shining
I'll be free, lose or win
I'm gonna go down singing go down singing (Can you hear it)
I'm singing, I'm singing I'm singing, I'm singing

When you're lost and can't be found Just raise your voice and sing this song
