

# Falling Down

## Atreyu

You 're always looking back running from the past  
You 're always sweating me about the next big heart attack  
You 're looking over your shoulder  
Staring down the path  
I'm falling down falling down falling downIt's in your head  
All the voices mistaken  
Shake it off shake it off  
We're all dying in the endIt's in your head  
All the voices mistaken  
Shake it off shake it off  
We're all dying in the end  
I fear I'll find the evidence so horrible  
(So horrible)  
To clear my thoughts I'd drill a hole into my skull  
Clean up my brains and sweep them underneath the rug  
I need them more then I needed any other drugI'm falling down, falling down, falling down  
It's in your head  
All the voices mistaken  
Shake it off, shake it offWe're all dying in the end  
It's in your head  
All the voices mistaken  
Shake it off, shake it offWe're all dying in the end  
I'm falling down, falling down, falling down  
It's in your head  
All the voices mistaken  
Shake it off, shake it off  
We're all dying in the end  
It's in your head  
All the voices mistaken  
Shake it off, shake it off  
We're all dying in the end  
Dying in the end
