## Lady Gaga

Sometimes a story has no end  
Sometimes I think that we could just be friends  
"Cause I'm a wandering man," he said to me  
"And what about our future plans?  
Does this thing we have even make sense  
When I got the whole world in front of me?"  
So I said I don't wanna be alone forever, but I can be tonight  
I don't wanna be alone forever, but I love gypsy life  
I don't wanna be alone forever  
Maybe we could see the world together  
I don't wanna be alone forever, but I can be tonight!  
Tonight!  
So I just packed my baggage, and  
Said goodbye to family and friends  
And took a road to nowhere on my own  
Like Dorothy on a yellow brick  
Hope my ruby shoes get us there quick  
'Cause I left everyone I love at home And I don't wanna be alone forever, but I can be tonight  
I don't wanna be alone forever, but I love gypsy life  
I don't wanna be alone forever  
Maybe we could see the world together  
I don't wanna be alone forever, but I can be tonight!  
Tonight! 'Cause I'm, I'm, I'm, I'm, I'm, I'm a gypsy, gypsy, gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm a gypsy, gypsy, gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm a gypsy, gypsy, gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm gypsy, gypsy, gypsy, I'm  
And then he asked me, he said:  
"Baby, why do we love each other?"  
I said: "Honey, it's simple  
It's the way that you love and treat your mother" Thought that I would be alone forever  
But I won't be tonight  
I'm a man without a home, but I think  
With you, I could spend my life  
And you'll be my little gypsy princess  
Pack your bags, and we can chase the sunset  
Bust the rear view, and fire up the jets  
'Cause it's you and me Baby, for life!  
(If you go with me)  
For life!  
(See the world with me) 'Cause I'm, I'm, I'm, I'm, I'm, I'm a gypsy, gypsy, gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm a gypsy, gypsy, gypsy, I'm  
Russia, UK, Paris, I'm Italian, Asian kompai

Africa, India, I'm gypsy, gypsy, gypsy, I'm  
Latin American, I don't speak German, but I try  
Someday in Jakarta, I'm American, I'm gypsy, I  
Bangkok, Australia, Malaysia, Sweden, Finland, Norway  
Be my home just for the day  
I'm a gypsy, gypsy, gypsy, hey
