## **Digital (Did You Tell)**

## **Stone Sour**

Oh, save us all again
From a cynic's Armageddon
When your mind didn't wanna break
Your rusty mouth consentedI think you're all afraid
Too afraid to admit pollution
Now there's no easy way
To avoid such a hard solutionDigital
Did you tell the world today that
We would say goodbye?
Digital

Did you tell the world today that We would say goodbye?

Here we go again

With a brilliant overreaction

My advice isn't gonna change

Dysfunction over fashionI think you're all ashamed

Too ashamed to admit your faults

No daylight in the bunker

Just darkness in the vaultsDigital

Did you tell the world today that

We would say goodbye?

Digital

Did you tell the world today that We would say goodbye?There's only one way out of this

But do we have the nerve to try?

'Cause there is no way out of this

If all our answers say goodbye

Goodbye

There's only one way out of this

But do we have the nerve to try?

'Cause there is no way out of this

If all our answers say goodbyeDigital

Did you tell the world today that

We would say goodbye?

Digital

Did you tell the world today that

We would say goodbye?Digital

Did you tell the world today that

We would say goodbye?

**Digital** 

Did you tell the world today that

We would say goodbye?
