

# Call Me

## Bonnie Tyler

(Steve Benson)

Producer for Bonnie: Steve Benson Love will always find the way

Feelings are the hardest words to say

Oh call me, call me

Baby, always call your name

I would never feel this way again

Oh call me, call me There is love enough, enough for two

There will never be another you

How can you mend a broken heart

Oh he said goodbye without a tear

Through a million souls, a million fears

That's no way to say goodbye

\*Call me, call me

Tell me what you feel

My love never dies

(My love never dies)

Call me, call me

Tell me what you feel

You light up my life

(You light up my life) Love don't ever die I'll be there if you want me

I'm living with my memories

Oh call me, call me

From the bottom of your heart

You Swore we'd never break apart

Oh call me, call me Oh hold on tight and don't let go

If you love me let me know

I never had a love like ours

Call me, call me

Tell me what you feel

My love never dies

(My love never dies)

Call me, call me

Tell me what you feel

You light up my life Oh I'm never gonna give you up

Why did you break my lonely heart

My world begins and ends with you

If there's one thing that I know

Babe, I'll never let you go

If I sold my heart to you Call me, call me

Tell me what you feel

My love never dies

Call me, call me

Tell me what you feel  
You light up my life  
(You light up my life)(\* Repeat)Call me, call me  
Tell me what you feel  
My love never dies
