What about me? (Is dat right, girl?)I can settle down for the things you like I'm a girl who can take the lead But I'm still the fall back type Give you the space you need Even though I can't explain How I do the damn thang I would put it on my life that II'll do it better than her I'll do it better than her I'll do it better than her I can do it better than herI'll do it better than her I'll do it better than her I'll do it better than her I can do it better than her I can do it better thanHey, hey, hey If you can do it better Say hey, hey, hey Everyone together nowHey, hey, hey If you can do it better say Hey, hey, hey (Bring it down)You showed up to the party For all the wrong reasons
