

# Die Trying

## Michl

Are we wrong?  
Are we right?  
We jump first and then decide  
It's hard to explain it  
Heavy hearts weigh us down And the waters getting deep  
Do we swim or do we sink?  
Cause there's still a long long way to go We're in over our heads  
We're holding our breath  
Will we ever get to the other side  
Before there's nothing left  
Yeah Our bodies are weak,  
We're tired and hurting  
Will we ever get to the other side?  
Dunno but I swear I'll die trying... Can't say yes, can't say no  
There's things out of my control  
It's hard to explain it  
Heavy hearts weigh us down And the waters getting deep  
Do we swim or do we sink?  
Cause there's still a long long way to go We're in over our heads  
We're holding our breath  
Will we ever get to the other side  
Before there's nothing left Yeah  
Our bodies are weak  
We're tired and hurting  
Will we ever get to the other side  
Dunno but I swear I'll die trying Chain my wrist (down to)  
A sinking ship (for you)  
Oh I'll die trying, I'll die trying We're in over our head  
We're holding our breath  
Will we ever get to the other side  
Before there's nothing left Yeah Our bodies are weak  
We're tired and hurting  
Will we ever get to the other side Dunno...  
I'll die trying
