

# Heart of Steel

## Manowar

Build a fire a thousand miles away  
To light my long way home  
I ride a comet, my trail is long to stay  
Silence is a heavy stone I fight the world and take all they can give  
There are times my heart hangs low  
Born to walk against the wind  
Born to hear my name  
No matter where I stand I'm alone Stand and fight  
Live by your heart  
Always one more try  
I'm not afraid to die  
Stand and fight  
Say what you feel  
Born with a heart of steel  
Burn the bridge behind you, leave no retreat  
There's only one way home  
Those who laugh and crowd the path  
And cut each other's throats  
We'll fall like melting snow They'll watch us rise with fire in our eyes  
They'll bow their heads, their hearts will hang low  
Then we'll laugh and they will kneel  
And know this heart of steel was  
Too hard to break, too hard to hold Stand and fight  
Live by your heart  
Always one more try  
I'm not afraid to die  
Stand and fight  
Say what you feel  
Born with a heart of steel  
Born with a heart of steel  
Stand and fight  
Say what you feel  
Born with a heart of steel Stand and fight  
Live by your heart  
Always one more try  
I'm not afraid to die  
Stand and fight  
Say what you feel  
Born with a heart of steel
