## **Heart of Steel**

## Manowar

Build a fire a thousand miles away To light my long way home I ride a comet, my trail is long to stay Silence is a heavy stoneI fight the world and take all they can give There are times my heart hangs low Born to walk against the wind Born to hear my name No matter where I stand I'm aloneStand and fight Live by your heart Always one more try I'm not afraid to die Stand and fight Say what you feel Born with a heart of steel Burn the bridge behind you, leave no retreat There's only one way home Those who laugh and crowd the path And cut each other's throats We'll fall like melting snowThey'll watch us rise with fire in our eyes They'll bow their heads, their hearts will hang low Then we'll laugh and they will kneel And know this heart of steel was Too hard to break, too hard to holdStand and fight Live by your heart Always one more try I'm not afraid to die Stand and fight Say what you feel Born with a heart of steel Born with a heart of steel Stand and fight Say what you feel Born with a heart of steelStand and fight Live by your heart Always one more try I'm not afraid to die Stand and fight Say what you feel Born with a heart of steel
