So Sick

Brandy

Ah baby

Ah babyI'm sick cause it's 4 in the morning

And I'm sick cause I ain't heard from him

I done seen this flick before

G-g-gave him plenty warning

He said he wouldn't do it a-gain

You know my heart keeps telling me it's gon stop

Now there's a knock but the dead bolts lock

(My-my-my conscious saying)

You can do better girl

Cause right now he ain't ready

But the other side of my head side is saying

That I might not find no better

So when he a-a-ask just how could you love somebody so ooh

This feeling this question I asked still been unanswered

But is so ooh ooh so many

Yeah e yeah

Sick

When you take him back every time

Cause the love is so amazing

And it makes you so sick

When it makes you go and compromise

Everything you said the night before

You wouldn't do ooh

Sick

When you love him more than you love yourself

You can't let go

Cause you just can't help it

Cause the only left to do is cry

Cause deep inside

It makes you so sick

Ooh, ooh, ooh, ooh...

Don't sometimes it makes you so

Sick

Ooh, ooh, ooh, ooh...

Don't sometimes it makes you so

Sick

Of course hes calling me it's 8: 10

(In the morning)

But I ain't gon be late for work again

(I can't afford this)

I'm pulling off he pulls up (pulls up)

There's something he wanna discuss
I'm telling him last night I was all ears
But he was no where to be found
Told him last time that he made me feel this way
I wasn't gon be the one going back on my word
I was just gon let it end

Cause obviously conversing ain't working for me and you Now I'm back home in the bed missing the hell out of youSick

> When you take him back every time Cause the love is so amazing

> > And it makes you so sick

You wouldn't do ooh

Sick

When you love him more than you love yourself

You can't let go

Cause you just can't help it

Cause the only left to do is cry

Cause deep inside

It makes you so sick

Ooh, ooh, ooh, ooh...

Don't sometimes it makes you so

Sick

Ooh, ooh, ooh, ooh...

Don't sometimes it makes you so

SickOh how far

Can you tell me how far

Does someone have to push you for them to recognize

They pushed you over the line

The line

The line

Baby

How far

Baby how far

Do you think I'm gonna let you push me

Before I cross the line

Before I cross the lineSick

When you take him back every time

Cause the love is so amazing

And it makes you so sick

When it makes you go and compromise

Everything you said the night before

You wouldn't do ooh

Sick

When you love him more than you love yourself

You can't let go

Cause you just can't help it

Cause the only left to do is cry

Cause deep inside
It makes you so sick
Ooh, ooh, ooh, ooh...
Don't sometimes it makes you so
Sick
Ooh, ooh, ooh, ooh...
Don't sometimes it makes you
