## **Devil's Souls**

## **Dirty Monster**

They say the devil's coming out to take my soul And boy, I know him better than you think you know 'Cause I shot a man dead in the dead of night It felt so wrong and it felt so right But if the devil's coming out to take my soul I'm gonna play him a little ditty, a little rock 'n' rollOh, the devil's coming out to take my soul I said bring him on in so we can see the show [?] son of a gun My days are numbered and I'm on the run 'Cause if the devil's coming out to take my soul He's gonna hear my little ditty before I go, yeah Now they say I'm coming down I'm gonna take your soul Yeah, I wanna hear that little ditty you call
