

# Only Man

## Audio Bullys

I wanna be your only man  
Do wanna see you with no other man  
Now, just me! Only me... ooh  
I wanna be your only man  
Do wanna see you with no other man  
Now, just me! Only me I see a sunbeam comin down  
I know it's you by your footsteps on the ground I see a sunbeam comin down  
I know it's you by your footsteps on the ground I see a sunbeam comin down  
I know it's you by your footsteps on the ground I see a sunbeam comin down  
I know it's you by your footsteps on the ground  
I wanna be your only man  
Don't wanna see you with no other man  
Now, just me! Only me I wanna be your only man  
Don't wanna see you with no other man  
Now, just me! Only me Only me  
Only me  
Only me  
Only me I see a sunbeam comin down  
I know it's you by your footsteps on the ground I see a sunbeam comin down  
I know it's you by your footsteps on the ground I see a sunbeam comin down  
I know it's you by your footsteps on the ground  
I see a sunbeam comin down  
I know it's you by your footsteps on the ground I wanna be your only man  
Don't wanna see you with no other man  
Now, just me! Only me I wanna be your only man  
Don't wanna see you with no other man  
Now, just me! Only me Only me  
Only me  
Only me
