

No Words

Sabrina Carpenter

No words, no words, no words When everything's quiet
Nothing on the tip of your tongue
But a beautiful silence
And the lights ring out
But even in the madness
When everything just seems to go wrong
Take a beautiful silence
As the lights ring out Ribs are a cage of a wild heart
I can hear your heart beating in the bars
Beating in the bars, beating in the bars
Ribs are a cage of a wild heart
I can hear your heart beating in the bars
Beating in the bars, beating in the bars
When everything is up and down
Up and down, up and down
And the world is trying to beat you down
Beat you down, beat you down
No, no, no words
Keep it quiet
Leave it on the tip of your tongue
When everything is up and down
Up and down, up and down
No, no, no words When I'm in the darkness
The dawn is having you by my side
'Cause you leave me speechless
And the lights ring out
When nobody can hear us
I'll tell you everything with my eyes
'Cause you leave me speechless
And I think you know
When everything is up and down
Up and down, up and down
And the world is trying to beat you down
Beat you down, beat you down
No, no, no words
Keep it quiet
Leave it on the tip of your tongue
When everything is up and down
Up and down, up and down
No, no, no words No words, no words, no words
When it
No words, no words, no words

Hear me
No words, no words, no words
Baby
No words, no words, no words
(No words, no)
No, no, no
(All we need is no words)
No, no When everything is up and down
Up and down, up and down
And the world is trying to beat you down
Beat you down, beat you down
No, no, no words
Keep it quiet
Leave it on the tip of your tongue
When everything is up and down
Up and down, up and down
No, no, no words No words, no words, no words
When it
No words, no words, no words
Hear me
No words, no words, no words
Baby
No words, no words, no words (No words)
Ribs are a cage of a wild heart
I can hear your heart beating in the bars
Beating in the bars, beating in the bars
No, no, no words
(No words)
Ribs are a cage of a wild heart
I can hear your heart beating in the bars
Beating in the bars, beating in the bars
No, no, no words (Baby)
No words, no words, no words
