

# Lost on You (feat. Phlake)

## Yellow Claw

[Verse 1]

We talked about nothing at all all night  
We slept till the Earth turned one time and woke in the dark  
These walls stronger than steel and stone  
Still we're waking all our neighbors up  
Stay till the winter's done  
Tell my friends I'm never coming home, aah[Chorus]  
'Cause I'm lost on you like I'm someone new, ooh  
Getting lost on you like I'm someone new, ooh  
I'm lost on you, I'm lost on you, I'm lost on you  
I'm lost on you, I'm lost on you

[Verse 2]

Your veins are rushing with stars untamed  
A shock to the heart, lighting  
Your body's my drug  
So bright you block the sun  
But we keep waking all our neighbors up  
Stay till the winter's done  
And tell my friends I'm never coming home, aah  
[Chorus]

'Cause I'm lost on you like I'm someone new, ooh  
Getting lost on you like I'm someone new, ooh  
I'm lost on you, I'm lost on you, I'm lost on you  
I'm lost on you, I'm lost on you
