

# Falling In Love Again

Don Williams

Love be gentle, love be kind  
As I give this heart of mine  
To a new love I hope will never end.  
It seems like only yesterday  
Love was here and went away  
Out of love again but now I'm falling in. Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again.  
--- Instrumental --- I know that love won't always last  
When you fall in love too fast.  
I should know better  
But here I go again. Love be strong, love be true  
For what else can I do.  
Love is calling and I know  
I'm fallin' in.  
Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again. Fallin' in, love again  
I'd fallen out but there's no doubt  
I'm fallin' in, love again...
