

# Supernatural

## New Edition

Interplanetary  
Interplanetary  
Supernatural  
Supernatural  
Supernatural Lookin' for that big honey  
You'll find only in a dream  
I searched around and still can't find her  
? to extreme Turned around, she caught my eye  
Tell me am I seein' things  
Just might be imagination  
? and hauntin' me  
This woman (Supernatural)  
The way she looks (Supernatural)  
The way she moves her body (Supernatural)  
Everything about this honey is so supernatural Supernatural As I watch her move in closer  
Perfect beauty she exceeds  
Never question Mother Nature  
She's an angel without wings Her extension fills my body  
I reach out to hold her hand  
Tried to grab it, can't get a handle  
The girl is gone, she was never here This woman, yeah (Supernatural)  
The way she looks, uh-huh (Supernatural)  
The way she moves her body (Supernatural)  
Something about that woman that makes me feel so good  
(Supernatural)  
The way she looks (Supernatural)  
Supernatural baby, yeah (Supernatural)  
Everything about this honey is so supernatural I'm tired of this cloud  
Takin' over the invisible force  
Are they controllin' me  
Naw, that's a corny way I think  
I take two beasts out to rethink I'm takin' each in my dream  
This is kind of extreme  
Yo' Ron, help me out  
You know what I mean Yeah, Biv  
It's not that deep  
Come go with me  
And out that ghost to sleep (?) How she's possessin' me  
(?) She's meta physical, super irical  
(?) Might be imagination  
(?) 'Cause everything about this, honey, I love Alright  
(Supernatural) The way that she moves, mmm

(Supernatural) There's no doubt about it, yeah, yeah  
(Supernatural) Oh, I know heaven must have sent you from above(Supernatural), yeah...  
(Supernatural) Ooh... hoo... hoo... ooh...  
(Supernatural) Say, baby, say, baby  
If I'm dreamin', if I'm dreamin' please don't wake me up, yeah(Supernatural)  
(Supernatural) See, I just wanna keep dreamin'  
(Supernatural) Everything I want in a woman(Supernatural) And I love her, and I love her, and  
I love...  
(Supernatural)  
(Supernatural)(Supernatural)
