Ileke lo'ma jiya
If I tell you say girl i love you

See the men them, them'ma want you
But i need you

But still girl i don't know

Anything ma-man do
Plenty plenty eyes dey see

Please don't leave me girl, don't leave me girl
If you hold me tight, I go treat you right
Girl if any man put asunder, away
Thunder na for thunder, away
Run down we no go run down, away
We go jump bumper to bumper, away
Girl if any man put asunder, away
Thunder na for thunder, away
Run down we no go run down, away

No do gra gra good luck go dey sample you

But still girl i don't know
Cause e we get many many i do's
