

Get Ready For It

Take That

Get ready for it
Ohhhh...
Get ready for it
Ohhhh... You said
Whatever you put out there
Whatever you put out there
Is gonna come back
You said
Whenever you are ready
Whenever you are ready
Just let it all loud
I know
Cause the enemy inside me
Cause the enemy inside me
Is holding me back
But we know
There's something in the silence
There's something in the silence
Get ready for it
Ohhhhh...
Get ready for it
Ohhhhh... You said
There's only one place left to find
Together we can save the world tonight
Get ready for it You said
Every lifes is a lesson
You are a fool or a kingsmen
Cause only you know
Hold on
Cause the volume is rising
Yeah the volume is rising
So you better hold on
The night is young
Until it's over
Until it's over
The night is young
The night is ours
Until tomorrow
Until tomorrow Get ready for it
Ohhh...
Yeah get ready for it
Ohhh... You said there's only one place left to find

Together we can save the world tonight
Get ready for it
Get ready for it
Get ready for it
Get ready for itThe night is young
Until it's over
Until it's over
The night is young
The night is ours
Until tomorrow
Until tomorrowGet ready for it
Ohhh...
I'll hold your hand
With good intentions
With good intentions
I'll hold your hand
The night is ours
Until tomorrow
Until tomorrow
You said there's only one place left to find
Together we can save the world tonight
Get ready for it
Get ready for it
Get ready for it
Get ready for it
Get ready for it
