

Lonely

Chloe x Halle

I know sometimes you feel alone
I know some nights you wait by your phone
I know you wish you had somebody to hold
It don't have to be lonely being alone Who are you when no one's watching?
You close the door to your apartment
Are you afraid of the silence?
Are you afraid of what you'll find in it? 3 in the morning, stay up
Feels the world won't wait up
All in your mind it's made up I know sometimes you feel alone
I know some nights you wait by your phone
I know you wish you had somebody to hold
It don't have to be lonely being alone
I remember just the other day
Brought all my problems, had myself to blame
There my friends go
There my love go
I'm just sitting here, yeah feeling solo
It's not like money gonna save me
Or popping bottles on the daily
I had to learn to love me lately I know sometimes you feel alone
I know some nights you wait by your phone
I know you wish you had somebody to hold
It don't have to be lonely being alone
Ahh, ahh, ahh
Ahh, ahh, ahh
Ahh, ahh, ahh
It don't have to be lonely being alone
I know sometimes you feel alone
I know some nights you wait by your phone
I know you wish you had somebody to hold
It don't have to be lonely being alone Ahh, ahh, ahh
Ahh, ahh, ahh
Ahh, ahh, ahh
It don't have to be lonely being alone
Ahh, ahh, ahh
Ahh, ahh, ahh
Ahh, ahh, ahh
It don't have to be lonely being alone
