Jorja Smith

Oh, Lord you don't need to bless him no more  
You know that he's a sinner, oh Lord  
Help me pray I want you to get together  
Put your hands together one time I want you to get together  
Put your hands together one time I want you to get together  
Put your hands together one time  
And help me pray for a sinner from the ghetto, oh Lord  
I want you to get together  
Put your hands together one time I want you to get together  
Put your hands together one time  
I want you to get together  
Put your hands together one time  
I want you to get together  
Put your hands together one time Oh Lord, help me please  
Oh Lord, oh Lord  
Oh Lord, oh Lord, oh Lord, oh Lord...
