

Mystic Wind (feat. Tony Rebel)

Gentleman

...Gentleman and Tony Rebel give it to dem again
We floating in the mystic wind
While dem gloating in a destructive sin
Approaching in the name of the king
Obstacles down with you keep on moving
The road to mount Zion is ragged and nuff
To reach mount Zion
You got to be made of the stuff
Some a dem convicious and red eyed - red eyed deh
Grabillious man dem a go die - go die deh
Some of wuk fi babywrong a spy - a spy deh
Why don't you give Jah love a try - a try deh
It's like a neva turning ever burning fire
In the enemies eyes - enemies eyes
Rise above your standarts and behave as if ya did try
As if you don't even try
Terrible crises the people of the world a face
Leaders a journey inna outta dem own self place
Gentleman rebel a represent anotha case
To see how much negativity we can now erase
The double standarts
Of your way of life
Devouring flesh
Through the day and night
Oh since the birth of man
Destruction on the land
Chosen will understand
That we fi live the masterplan
The weak will soon be strong
The right will show the wrong
Why can't we get along
Like melodies in dis here song
It's like a neva turning ever burning fire
In the enemies eyes - enemies eyes
Rise above your standarts and behave as if ya did try
As if you don't even try
Some a dem convicious and red eyed - red eyed deh
Grabillious man dem a go die - go die deh
Some of wuk fi babywrong a spy - a spy deh
Why don't you give Jah love a try - a try deh
