

# No Me Arrepiento

Leslie Grace

Are you hurt?  
Couldn't tell, couldn't read it in your eyes.  
I don't know what you felt, cause you never told me why.  
Always testing the water, second guessing.  
It's harder when you never say what's on your mind.  
But I believe in the future, I'll wait for you.  
I told you that I'm single, right left on the line.  
Don't forget, baby, what we had.  
We made something out of nothing, look at that.  
As I go I keep looking back.  
We made nothing into something, how bout that?  
No me arrepiento, I'm not sorry that I loved you .  
No me arrepiento.  
You're a star, in my heart.  
I wish you knew how loved you are.  
Always testing the water, second guessing.  
It's harder when you never say what's on your mind.  
But I believe in the future, I'll wait for you.  
I told you that I'm single, right left on the line.  
Don't forget, baby, what we had.  
We made something out of nothing, look at that.  
As I go I keep looking back.  
We made nothing into something, how bout that?  
No me arrepiento, I'm not sorry that I loved you .  
No me arrepiento.  
Yo no se, que decir, yo no se .  
I'm not sorry.  
Don't forget, baby, what we had.  
We made something out of nothing, look at that.  
As I go I keep looking back.  
We made nothing into something, how bout that?  
No me arrepiento, I'm not sorry that I loved you .
