

# Perfect Slumber Party (feat. Amber & Sofia)

## The Cast of Sofia the First

Amber: Sofia, pinecones are not a part of a perfect princess slumber party! Oh, I thought I explained this before, but I guess I'll have to do it again! Our perfect slumber party

Is just about to begin

And at a perfect slumber party

Everybody's gotta fit in

There's a certain way we do things

We don't snort, we don't squeal

And running around with pinecones

Really isn't part of the deal

We do our hair

Have some tea

And when we sing it's soft and

Amber, Hildegard and Clio: Always on key!

Amber: By chance, if we should dance

We'd waltz elegantly!

Hildegard and Clio: That's a perfect slumber party

Amber: And that's the way it's always been!

Amber, Hildegard and Clio: The just of it to be a hit

You gotta fit...

Amber: Everybody's gotta fit in

Hildegard: Everybody's gotta fit in

Clio: They gotta fit in Sofia: At a perfect slumber party

Why should we all act the same?

'Cause at a perfect slumber party

Isn't fun the name of the game?

Why can't they bounce

On every bed?

Or wear a dozen pinecones all over their head?

Give their dance a single chance

It may be as fun as they said! Amber: Ugh, Sofia...

It's our perfect slumber party

And our patience is wearing thin

They need to quit

You must admit

They're not gonna fit...

Hildegard: They're not gonna fit...

Clio: They're not gonna fit...

Amber: And everybody's gotta fit in Sofia: I'm gonna help 'em fit in

Hildegard: They're never gonna fit in

Sofia: They can fit in

Amber: At a perfect slumber party

They'll never fit in

Hildegard: They'll never fit in  
Sofia: I'm gonna help 'em fit in...Amber: Good luck!
