

3D Romeo (feat. Fabienne)

Gemini

Shape of my heart
Piece it together
Then pull it back apart
Under my skin
I'll let your love in
In, inKiller in bed
No more redemption
You got inside of my head
Put down my arms
You can do no harm
Ha, harm
My 3D romeo
We're gonna play them hard
Until they start to fall
One love in digital
We're gonna blow it up
Blow it up, blow it upJust like the video
We're gonna take em down
So we can have it allMy 3D romeo, romeoLove you to death
I'd jump off the edge
And do it with no regrets
All that I need
You should be with me
Me, me
You are the one
Make me your queen
And love me till kingdom come
Put down my arms
You can do no harm
Ha, harmMy 3D romeo, romeoMy 3D romeo
We're gonna play them hard
Until they start to fall
One love in digital
We're gonna blow it up
Blow it up, blow it upJust like the video
We're gonna take em down
So we can have it allMy 3D romeo, romeo
