

# Undress Me Now

## Morcheeba

Using your mind  
Imagine our skin  
Joined at the hip  
Joined from within  
By using your eyes  
You're freezing my frame  
Watching our clothes burst into flames(Undress me now, you know how)  
Using your eyes now  
(Undress me now, you know how)  
Using your mind  
Using your mindSo give me a light  
Oh give me a drink  
Just give me a reason  
To feel what I think(Undress me now, you know how)  
Using your eyes now  
(Undress me now, you know how)  
Using your mind(Undress me now, you know how)  
Using your eyes now  
(Undress me now, you know how)  
Using your mind  
Using my mind  
(Undress me now, you know how)  
Using your eyes now  
(Undress me now, you know how)  
You know how, you know how  
You know how, you know how
