

# Tired of Being Alone (Tonekind's Nightrain Mix)

Schiller & Tarja

Once, you dreamed of me  
Twice, you wished that i'd pull you out  
let me be the one  
please understand me  
how i am  
you chose your life, and put me down  
still you don't understand  
Tired of being alonewhat you have dreamed  
is not what i am  
so far  
let me be the one  
please understand me  
how i am  
but i don't want, to walk alone  
I need your hands to warm my soul  
Tired of being alone  
Tired of being alone  
I will do my best  
to become your love  
I'll try  
to fill the emptyness  
in our hearts  
oh so tired of being aloneTired of being alone  
I want to feel, I need to fall in love with you  
Tired of being alone
