

She's a Genius

Jet

My girl's ready to take control
She just blows my mind
She only listens to the radio
To see who's alive She wakes up scared of getting old, she don't feel no shame
She knows so many pretty boys and they are all the same
They said - hey there girl, tell me what do you do?
She said - nothing but I'm damn sure it's more than you That girl's a genius
I think she's serious
If what you know is who you are, then she's everything
You don't need an education to know the class that you're in
They said - hey there girl, tell me what do you do?
She said - nothing but I'm damn sure it's more than you That girl's a genius
I think she's serious
That girl's a genius
I think she's serious She said - hey there boy, come on over and sit
Love is when you wanna kiss and you get bit
That girl's a genius
I think she's serious
That girl's a genius
I think she's serious That girl's a genius
That girl's a genius
That girl's a genius
